

Ph.D. - Graduate Research Assistantship

Auburn University, Auburn, Alabama, United States

Application Deadline: May 15, 2017

Start date: August 21, 2017

Website: <http://enpp.auburn.edu/henry-fadamiro/>

Qualifications

The successful candidate will have a Master's degree in Entomology, Biological Sciences or a related discipline.

Description

A PhD level graduate research assistantship (GRA) is available starting **Fall 2017** in the Department of Entomology and Plant Pathology at Auburn University. The successful applicant should be motivated to perform both basic and applied research in one or more of the following areas: chemical ecology of plant-herbivore-natural enemy interactions, and neurobiology of pest/beneficial insects, molecular ecology of plant-insect interactions. Both laboratory and field work may be required for the completion of the project. A reasonable stipend, tuition waiver and subsidized student health insurance plan will be provided.

Application Materials

Applications and inquiries should be directed by email to Dr. Fadamiro (fadamhy@auburn.edu). Applicants should attach a short current CV (degrees and courses taken, publications, presentations, awards, and other information), a short statement of intent, and the contact information of three references. For information about the Fadamiro laboratory, visit <http://enpp.auburn.edu/henry-fadamiro/>
